SINGAPORE STUDENT SUCCESS

2021/2022

Over the years we have learned not to underestimate the talent, hard work and enthusiasm of our students along with the expertise of their dedicated Crimson strategists, mentors and tutors.

But in the 2021/22 admissions cycle we were nothing short of amazed by what our students were able to achieve in what, for many universities, was the most competitive admission round in history.

Since December 2021, we have seen acceptance after acceptance flood in with students opening 'Congratulations - You're In!' notifications from Harvard, Stanford and Princeton, Oxford Cambridge and UCL — and every other leading university in the US and UK.

Many of our students received not just one, two or even three offers to top universities... In fact, many were faced with the wonderful dilemma of choosing between several highly competitive schools!

So what does Crimson Student Success in Singapore look like?

Many of our UK applicants were admitted to all or almost all of their 5 UCAS choices, and often in the most competitive of courses, including law and medicine.

A Global Indian International School student admitted to Oxford, Imperial, UCL, Bath and Nottingham

A Hwa Chong International School student admitted to LSE, Kings College, and Bristol University

A Raffles Institution student admitted to study medicine at Edinburgh, Bristol, and Queen Mary University of London.

An Eunoia Junior College student admitted to LSE, UCL, Warwick, Bristol, and Southampton

A Canadian International School student admitted to study Law at Kings, Birmingham, Glasgow, and Manchester

Here are a few of our Singaporean students who successfully applied to both the US and the UK:

A SJII student admitted to Cambridge, Imperial and Manchester in the UK, and UCLA and UC Berkeley in the US

A Hwa Chong Institution student admitted to Oxford, Durham and UCL in the UK, and UCLA in the US

A Raffles Institution student admitted to Cambridge in the UK, and Northeastern University and the University of Wisconsin Madison in the US

A Tanglin Trust School student admitted to UCL, Durham and Warwick in the UK, and USC, UCLA, and Boston University in the US.

A VJC student admitted to Kings College, Edinburgh and Manchester in the UK, and Purdue, Georgia Tech and UIUC in the US.

Take a look at our outstanding US admissions results:

UK Universities and Admissions Rates

Calculating admissions rates to UK universities is more complex than the calculations attached to US admissions. This is because, in the UK, you apply to a specific course at a university.

For example, the overall admissions rates for Oxford and Cambridge are approximately 17.5% and 20.5% respectively; but the admissions rate to Oxford or Cambridge Law or Medicine can be as low as 8%.

In the 2021/22 admissions round Crimson students were admitted to the UK Top 10 universities at the below rates.

UK University	Crimson Student Admissions Rate
University of Oxford	33%
University of Cambridge	37%
University College London (UCL)	65%
Imperial College London	58%
London School of Economics and Political Science (LSE)	47%
King's College London	77%
University of Edinburgh	58%
University of Manchester	88%
University of Warwick	97%
University of Bristol	92%
